

DIGESTION SCENARIO APPROACH OF NEW CURRICULUM BIOLOGY IN SECTION B PART II.

MR NSAMBA'S SCENARIO IN ARRIVED BIOLOGY EXCEL 2025 EDITION

HOW TO APPROACH??????

The **ITEM TAKER** is expected to write on the following in such digestion scenarios;

- The meal contents described in the scenario.
- In case of any alternative meal digestion options in the scenario forexample **fried beans or unfried beans** in such an alternating way, a leaner should identify the meal form in the scenario because its **what we base on while answering. (The way fried beans are digested Is totally different from the way how unfried beans are digested because the offer substrate of lipids is present in fried beans in the cooking oil.)**
- The substrates in the meal and how they are digested.
- Where the different substrates are digested from.
- The enzymes that break down the different substrates.
- Where the different enzymes are secreted in the alimentary canal.
- How the different nutrients from the meal are absorbed and assimilated in the body and explain how they are helpful in the certain activity listed in the scenario.

NOTE:

THE FOLLOWING IF CONSIDERED ONE HAS THE SCORES OF THE SUCH DIGESTION SCENARIOS IN THE PAPERS AND ITEM TAKERS SHOULD TAKE NOTE OF THIS SCENARIO TO PASS.
